

HARB MEETING - June 1, 2009

Meeting opened at 7:00 PM. Present were Peter Zimmerman, Estelle Cremers, Linda Walters, Elaine Adams, Karl Snyder, Jill Snively, Chuck Cutlip and Peggy Galloway.

This meeting is a continuation of the HARB of May 26, 2009. Peter Smyrl, Bob Johnson and Lou Schneider were again present representing Natural Lands Trust to finalize plans for the addition and for other miscellaneous items for the property known as the Jacob House, 401 Piersol Rd.

The Board addressed the door of the house and its renovation issues. The decision was made that there will be a triangular pediment roof over the door based on physical evidence that is there.

Color selection was made for the windows and roof. The windows will be Marvin wineberry red, and the roof will be Drexmet slate grey.

Plan for the addition was reviewed and approved. This is Job#0012008, dated 12/14/17 last revised 1/19/08. A letter will be sent to the Township Supervisors informing them of this.

Further discussion was on the Train Station and we decided to continue our HARB meeting on June 15th at 7PM.

Adjournment was called by Karl at 8PM and seconded by Peggy.
