

**Warwick Township Historical Commission  
Meeting Minutes  
19 August 2019**

**Present:** Karl Snyder, Linda Walters, Dave Lignore, Elaine Adams, Joan Drennen

The meeting was called to order at 7 pm.

Linda Walters stated that The Warwick Community Day will no longer be called The Warwick Community Day nor will it be the same type of fair that it has been in the past years. She stated that Joan Grimley had been notified that this year the Warwick County Park management will host an interactive fall festival where each organization present would provide an activity for visitors to participate in.

Possible ideas for an interactive activity were discussed. Dave Lignore suggested preparing a quiz that would test visitors' knowledge of the history of Warwick Township. Joan Drennen suggested setting up a table of historic artifacts and the visitors could guess the purpose of the artifacts. Several members of the board thought that it was too close to the date of the festival to organize an activity for this year. Dave Lignore made a motion that we wait till next year to be involved. Linda Walters seconded the motion. All ayes.

It was decided that Linda Walters, Dave Lignore, and Joan Drennen will attend the fall festival on September 21, 2019, not as participants, but as guests in order to better understand what type of interactive activity would be appropriate to present next year.

There being no further business, a motion to adjourn was made by Elaine Adams. The motion was seconded by Karl Snyder, and the meeting was adjourned at 7:39.

Respectfully submitted,

Joan Drennen, Secretary
