

Warwick Township Historical Commission Meeting Minutes

17 October 2017

Present: Elaine Adams, Peggy Galloway, Linda Walters, Karl Snyder, Jean Sauer

The meeting was called to order at 7:15pm by Karl Snyder. Minutes from the September meeting were read and approved.

Discussion:

Following up from September's meeting, Jean Sauer reported on the *Heritage Conservancy*, a non-profit land, open space and historic preservation group based in Berks County. The group maintains a local 'national register list' upon which we could be included as part of membership. No one expressed interest in joining so the discussion ended.

680 Pine Swap Road – Peter & Pandora Lorenzi - Joe Boulanger, township zoning officer, requested documents and drawings showing specifically what the HC approved for permitting purposes. Jean will forward a copy of all documentation to Joan Grimley and include a hard copy for the HC files at the township building.

The group reviewed the list of eight National Register properties in Warwick Township and concluded several properties were missing from the list. Further research will be done to obtain an accurate list.

There being no further business Elaine motioned to adjourn. Peggy seconded and the meeting was adjourned at 7:40pm.

Next Meeting: 20 November 2017

Respectfully submitted,

Jean Sauer
Secretary, Warwick Township Historical Commission
